**WELL NOW YOU CAN...**

**It's so simple and best of all our system won't cost you one cent.**

Let's face it. Who in their right mind would buy an \$8,000 coffee machine for their office, showroom or workplace. First you have to spend time investigating what machine to buy then sign up for an expensive lease, rental and service contracts then source the coffee beans and take all the risk the coffee machine will live up to your expectations. Forget it. It's easier to walk to the coffee shop, waste 15 minutes of your precious time and pay your \$3 or just put up with the usual bland instant coffee.

But who wants boring instant coffee you can have fabulous espresso coffee with in-house convenience without any of the purchase risks or service and warranty problems you'd experience if you tried to do it all yourself.

**The solution is simple, Our Total Risk FREE Coffee System provides you with:**
